

ACDA-MN Honor Choir Covid Policy

Covid-19 Mitigation Protocols

ACDA of Minnesota will continue to monitor current Covid-19 protocols from the CDC, state, city, and local performance venues to provide a safe environment for our student singers, audience patrons, and staff.

At this time, **all existing protocols have been lifted.**

As we continue to navigate regional transmission rates and prepare to respond throughout the weeks prior to our April and May state honor choir events, reinstated protocols could include masking, social distancing, and proof of vaccination status or negative Covid-19 test no more than 48 hours prior to the scheduled event.

ACDA-MN will keep all participants updated and informed as to any future recommendations or requirements.
